

Overflow Area for Shade Tents

This may be an option for some.

This area has no restriction about spikes for your tent or using grass mats. It is on the far side of the parking lot from the Agility field. There is no supervision or security. There are about 40 spaces.

To request one of these sites email dvhooper182@gmail.com. Include the names of the competitors and volunteers in your 10'x10' **overflow** shade tent. On arrival, set up on a vacant numbered site. Then register at the Agility field with the "Shade Tent Co-ordinators" giving the # of your site. The ground is uneven, but the grass is cut.
