## LEVEL 1A

**Sunday November 8, 2020 9:00 am - 12:00 pm**

**Sunday December 6, 2020 1:00 pm - 4:00 pm**

Focuses on introducing dogs to body awareness, agility equipment and reading their handler's cues using foundation equipment as well as low jumps, tunnel, and half height contact equipment. Goals include obstacle confidence, safety and independence. Impulse control and attention work exercises are also covered.

**Pre-Requisites:** Dogs must know basic obedience skills such as sit/down, stay, and come when called. Dogs must be able to work in a group setting. No age limit.

## LEVEL 1B

**Sunday December 6, 2020 9:00 am - 12:00 pm**

Focuses on introducing dogs to full height contact equipment, 2 x 2 weave and simple sequences requiring up to one side change. Equipment includes: low jumps, tunnel, contact equipment and 2 x 2 weave. Dog/handler teams will learn to read and complete simple sequences, reward proper handling cues and side changes. **Pre-Requisites:** Agility Workshop Level 1A or Foundation Class Level 1, or permission from instructor.

## New: Puppy 1 Agility Foundation Workshop

**Sunday November 8, 2020 1:00 pm - 4:00 pm**

Focuses on introducing dogs to body awareness, agility equipment and reading their handler's cues using custom foundation equipment as well as low jumps, tunnel, and half height contact equipment. Goals include obstacle confidence, safety and independence. Impulse control and attention work exercise are also covered in this workshop.

**Pre-Requisites:** Dogs must know basic obedience skills such as sit/down, stay, and come
