

COVID 19 Safety Measures:

- **UPDATE FOR JULY 16, 2021 (now STEP 3 of Reopening Ontario):**

Clients may now attend classes with **TWO people per dog**. If a child is working with the dog, the parent must be present, this would be a situation where parent and child share handling of the dog and thus would permit two adults plus the child with the dog.

- You may not attend class if you are not feeling well or exhibiting any symptoms of COVID-19. Your instructor will ensure you receive the material needed to keep up with your class.
- Per the Simcoe Muskoka District Health Unit, face coverings are required in all indoor public spaces, and **you must wear a facemask inside the Red Barn building**.
- Physical distancing signs will be posted around facility. Please maintain a minimum of 6 feet (2 meters) from all people who do not live in your home.
- We cannot allow spectators. We are trying to keep the number of people to a minimum for everyone's safety. Maximum of 2 persons per family. Any person attending a class that is not registered on the class roster must complete COVID and Liability waivers as well as provide contact tracing name and phone number to the instructor.
- Please DO NOT touch or lean on things unless it is absolutely necessary. Instructors aim to sanitize areas after each class is finished, but can only sanitize things they can predict have been touched.
- Class numbers and class sizes have been reduced so that there are fewer people in the Red Barn.
- Student alcoves that provide minimum 6 foot (2 meter) distancing will be marked. Please stay in your allotted area unless the instructor says otherwise.
- At this time there will be no water or water bowls supplied to students or for dogs. You must bring your own water dish and water
- All flow into building and class areas will be managed by instructors. Each ring has separate entrance and exit. Please ensure you stick to the entrance/exit plan in your ring. **Please review the attached map to ensure you understand which entrance to use.**
- When your class is finished you must leave the training facility and Red Barn property. We cannot allow socializing before or after classes as we are really trying to limit the number of people on our property for everyone's safety.
- You may not leave your vehicle until 15 minutes before your class. You may then quickly potty your dog and enter the appropriate entrance.
- There are no waiting areas. Shoe changing and dog foot wiping will be done on the carpeted area in each ring.
- Instructors will have the main responsibility to monitor physical distancing.
- Hand Sanitizer will be available in class areas and around facility. Please bring your own if you have it, but do not share it with others.
- Bottles of Prevail Premise Disinfectant Cleaner & Deodorizer DIN #02436809 diluted 1:40 will be available in class areas, around the facility and in washrooms to sanitize items if needed.
- Soap and warm water is available in washrooms and kitchen.
- Washrooms are one-person access only.
